

Sioux Steel Dura Life® Containment Systems

**1-855-266-8246**

www.siouxsecondarycontainment.com

When picking out your containment system, make sure to know the differences between metal gauges and the features that each provide. We want to make sure you have a system in place that will give you peace of mind.

***The Smaller The Gauge, The Stronger The System!***

## Platinum Package 12 Gauge

0.098" Sheet Thickness Minimum

P.E. Certified
