- Molded, lightweight construction, and stackable design make handling and storing a breeze. These poly pipe stands will not damage pipe coatings and replace numerous wooden skids. **Two sizes available that hold either 2"-8" pipes or 8"-12" pipes.** An economical, alternative solution for the pipe-laying procedure.
- New **easy to grab openings** on either side of stand ensure easy pick up and handling.
- **Lightweight plastic** construction makes stands lightweight meaning less manual labor. Plus, the plastic won't deteriorate over time.
- Pipe stands can be lifted from truck and placed in appropriate position by one person. Repositioning of the pipe stands is also made easier.
- All pipe stands include a **five year warranty!**
- Cylindrical shape gives stand a **stronger base** compared to rectangular options.
